#### REFERENCES IN TEXT

Section 3 of the Small Business Act, referred to in par. (3), is classified to section 632 of Title 15, Commerce and Trade.

#### EFFECTIVE DATE

Section 4 of Pub. L. 96-354 provided that: "The provisions of this Act [enacting this chapter] shall take effect January 1, 1981, except that the requirements of sections 603 and 604 of title 5, United States Code (as added by section 3 of this Act) shall apply only to rules for which a notice of proposed rulemaking is issued on or after January 1, 1981."

#### SHORT TITLE

Section 1 of Pub. L. 96-354 provided: "That this Act [enacting this chapter] may be cited as the 'Regulatory Flexibility Act'."

#### CONGRESSIONAL FINDINGS AND DECLARATION OF PURPOSE

Section 2 of Pub. L. 96-354 provided that:

"(a) The Congress finds and declares that—

"(1) when adopting regulations to protect the health, safety and economic welfare of the Nation, Federal agencies should seek to achieve statutory goals as effectively and efficiently as possible without imposing unnecessary burdens on the public;

"(2) laws and regulations designed for application to large scale entities have been applied uniformly to small businesses, small organizations, and small governmental jurisdictions even though the problems that gave rise to government action may not have been caused by those smaller entities;

"(3) uniform Federal regulatory and reporting requirements have in numerous instances imposed unnecessary and disproportionately burdensome demands including legal, accounting and consulting costs upon small businesses, small organizations, and small governmental jurisdictions with limited resources;

"(4) the failure to recognize differences in the scale and resources of regulated entities has in numerous instances adversely affected competition in the marketplace, discouraged innovation and restricted improvements in productivity;

"(5) unnecessary regulations create entry barriers in many industries and discourage potential entrepreneurs from introducing beneficial products and processes;

"(6) the practice of treating all regulated businesses, organizations, and governmental jurisdictions as equivalent may lead to inefficient use of regulatory agency resources, enforcement problems, and, in some cases, to actions inconsistent with the legislative intent of health, safety, environmental and economic welfare legislation;

"(7) alternative regulatory approaches which do not conflict with the stated objectives of applicable statutes may be available which minimize the significant economic impact of rules on small businesses, small organizations, and small governmental jurisdictions;

"(8) the process by which Federal regulations are developed and adopted should be reformed to require agencies to solicit the ideas and comments of small businesses, small organizations, and small governmental jurisdictions to examine the impact of proposed and existing rules on such entities, and to review the continued need for existing rules.

"(b) It is the purpose of this Act [enacting this chapter] to establish as a principle of regulatory issuance that agencies shall endeavor, consistent with the objectives of the rule and of applicable statutes, to fit regulatory and informational requirements to the scale of the businesses, organizations, and governmental jurisdictions subject to regulation. To achieve this principle, agencies are required to solicit and consider flexible regulatory proposals and to explain the rationale for their actions to assure that such proposals are given serious consideration."

#### EX. ORD. NO. 12291. FEDERAL REGULATION REQUIREMENTS

Ex. Ord. No. 12291, Feb. 17, 1981, 46 F.R. 13193, provided:

By the authority vested in me as President by the Constitution and laws of the United States of America, and in order to reduce the burdens of existing and future regulations, increase agency accountability for regulatory actions, provide for presidential oversight of the regulatory process, minimize duplication and

**SECTION 1. Definitions.** For the purposes of this Order:

**SEC. 2. General Requirements.** In promulgating new regulations, reviewing existing regulations, and developing legislative proposals concerning regulation, all agencies, to the extent permitted by law, shall adhere to the following requirements:

(a) Administrative decisions shall be based on adequate information concerning the need for and consequences of proposed government action;

(b) Regulatory action shall not be undertaken unless the potential benefits to society for the regulation outweigh the potential costs to society;

(c) Regulatory objectives shall be chosen to maximize the net benefits to society;

(d) Among alternative approaches to any given regulatory objective, the alternative involving the least net cost to society shall be chosen; and

(e) Agencies shall set regulatory priorities with the aim of maximizing the aggregate net benefits to society, taking into account the condition of the particular industries affected by regulations, the condition of the national economy, and other regulatory actions contemplated for the future.

**SEC. 3. Regulatory Impact Analysis and Review.** (a) In order to implement Section 2 of this Order, each agency shall, in connection with every major rule, prepare, and to the extent permitted by law consider, a Regulatory Impact Analysis. Such Analyses may be combined with any Regulatory Flexibility Analyses performed under 5 U.S.C. 603 and 604.

(b) Each agency shall initially determine whether a rule it intends to propose or to issue is a major rule, *provided that*, the Director, subject to the direction of the Task Force, shall have authority, in accordance with Sections 1(b) and (2) of this Order, to prescribe criteria for making such determinations, to order a rule to be treated as a major rule, and to require any set of related rules to be considered together as a major rule.

(c) Except as provided in Section 8 of this Order, agencies shall prepare Regulatory Impact Analyses of major rules and transmit them, along with all notices of proposed rulemaking and all final rules, to the Director as follows:

(1) If no notice of proposed rulemaking is to be published for a proposed major rule that is not an emer-

gency rule, the agency shall prepare only a final Regulatory Impact Analysis, which shall be transmitted, along with the proposed rule, to the Director at least 60 days prior to the publication of the major rule as a final rule;

(2) With respect to all other major rules, the agency shall prepare a preliminary Regulatory Impact Analysis, which shall be transmitted, along with a notice of proposed rulemaking, to the Director at least 60 days prior to the publication of a notice of proposed rulemaking, and a final Regulatory Impact Analysis, which shall be transmitted along with the final rule at least 30 days prior to the publication of the major rule as a final rule;

(3) For all rules other than major rules, agencies shall submit to the Director, at least 10 days prior to publication, every notice of proposed rulemaking and final rule.

(d) To permit each proposed major rule to be analyzed in light of the requirements stated in Section 2 of this Order, each preliminary and final Regulatory Impact Analysis shall contain the following information:

(1) A description of the potential benefits of the rule, including any beneficial effects that cannot be quantified in monetary terms, and the identification of those likely to receive the benefits;

(2) A description of the potential costs of the rule, including any adverse effects that cannot be quantified in monetary terms, and the identification of those likely to bear the costs;

(3) A determination of the potential net benefits of the rule, including an evaluation of effects that cannot be quantified in monetary terms;

(4) A description of alternative approaches that could substantially achieve the same regulatory goal at lower cost, together with an analysis of this potential benefit and costs and a brief explanation of the legal reasons why such alternatives, if proposed, could not be adopted; and

(5) Unless covered by the description required under paragraph (4) of this subsection, an explanation of any legal reasons why the rule cannot be based on the requirements set forth in Section 2 of this Order.

(e)(I) The Director, subject to the direction of the Task Force, which shall resolve any issues raised under this Order or ensure that they are presented to the President, is authorized to review any preliminary or final Regulatory Impact Analysis, notice of proposed rulemaking, or final rule based on the requirements of this Order.

(2) The Director shall be deemed to have concluded review unless the Director advises an agency to the contrary under subsection (f) of this Section:

(A) Within 60 days of a submission under subsection (c)(1) or a submission of a preliminary Regulatory Impact Analysis or notice of proposed rulemaking under subsection (c)(2);

(B) Within 30 days of the submission of a final Regulatory Impact Analysis and a final rule under subsection (c)(2); and

(C) Within 10 days of the submission of a notice of proposed rulemaking or final rule under subsection (c)(3).

(f)(1) Upon the request of the Director, an agency shall consult with the Director concerning the review of a preliminary Regulatory Impact Analysis or notice of proposed rulemaking under this Order, and shall, subject to Section 8(a)(2) of this Order, refrain from publishing its preliminary Regulatory Impact Analysis or notice of proposed rulemaking until such review is concluded.

(2) Upon receiving notice that the Director intends to submit views with respect to any final Regulatory Impact Analysis or final rule, the agency shall, subject to Section 8(a)(2) of this Order, refrain from publishing its final Regulatory Impact Analysis or final rule until the agency has responded to the Director's views,

and incorporated those views and the agency's response in the rulemaking file.

(3) Nothing in this subsection shall be construed as displacing the agencies' responsibilities delegated by law.

(g) For every rule for which an agency publishes a notice of proposed rulemaking, the agency shall include in its notice:

(1) A brief statement setting forth the agency's initial determination whether the proposed rule is a major rule, together with the reasons underlying that determination; and

(2) For each proposed major rule, a brief summary of the agency's preliminary Regulatory Impact Analysis.

(h) Agencies shall make their preliminary and final Regulatory Impact Analyses available to the public.

(i) Agencies shall initiate reviews of currently effective rules in accordance with the purposes of this Order, and perform Regulatory Impact Analyses of currently effective major rules. The Director, subject to the direction of the Task Force, may designate currently effective rules for review in accordance with this Order, and establish schedules for reviews and Analyses under this Order.

**SEC. 4. Regulatory Review.** Before approving any final major rule, each agency shall:

(a) Make a determination that the regulation is clearly within the authority delegated by law and consistent with congressional intent, and include in the Federal Register at the time of promulgation a memorandum of law supporting that determination.

(b) Make a determination that the factual conclusions upon which the rule is based have substantial support in the agency record, viewed as a whole, with full attention to public comments in general and the comments of persons directly affected by the rule in particular.

**SEC. 5. Regulatory Agendas.** (a) Each agency shall publish, in October and April of each year, an agenda of proposed regulations that the agency has issued or expects to issue, and currently effective rules that are under agency review pursuant to this Order. These agendas may be incorporated with the agendas published under 5 U.S.C. 602, and must contain at the minimum:

(1) A summary of the nature of each major rule being considered, the objectives and legal basis for the issuance of the rule, and an approximate schedule for completing action on any major rule for which the agency has issued a notice of proposed rulemaking;

(2) The name and telephone number of a knowledgeable agency official for each item on the agenda; and

(3) A list of existing regulations to be reviewed under the terms of this Order, and a brief discussion of each such regulation.

(1) Designate any proposed or existing rule as a major rule in accordance with Section 1(b) of this Order;

(2) Prepare and promulgate uniform standards for the identification of major rules and the development of Regulatory Impact Analyses;

(3) Require an agency to obtain and evaluate, in connection with a regulation, any additional relevant data from any appropriate source;

(6) Develop procedures for estimating the annual benefits and costs of agency regulations, on both an aggregate and economic or industrial sector basis, for purposes of compiling a regulatory budget;

(7) In consultation with interested agencies, prepare for consideration by the President recommendations for changes in the agencies' statutes; and

(8) Monitor agency compliance with the requirements of this Order and advise the President with respect to such compliance.

(b) The Director, subject to the direction of the Task Force, is authorized to establish procedures for the performance of all functions vested in the Director by this Order. The Director shall take appropriate steps to coordinate the implementation of the analysis, transmittal, review, and clearance provisions of this Order with the authorities and requirements provided for or imposed upon the Director and agencies under the Regulatory Flexibility Act, 5 U.S.C. 601 et seq., and the Paperwork Reduction Plan Act of 1980, 44 U.S.C. 3501 et seq.

**SEC. 7. Pending Regulations.** (a) To the extent necessary to permit reconsideration in accordance with this Order, agencies shall, except as provided in Section 8 of this Order, suspend or postpone the effective dates of all major rules that they have promulgated in final form as of the date of this Order, but that have not yet become effective, excluding:

(1) Major rules that cannot legally be postponed or suspended;

(2) Major rules that, for good cause, ought to become effective as final rules without reconsideration. Agencies shall prepare, in accordance with Section 3 of this Order, a final Regulatory Impact Analysis for each major rule that they suspend or postpone.

(e) Except as provided in Section 8 of this Order, agencies shall, to the extent permitted by law, refrain from promulgating as a final rule any proposed major rule that has been published or issued as of the date of this Order until a final Regulatory Impact Analysis,

in accordance with Section 3 of this Order, has been prepared for the proposed major rule.

(f) Agencies shall report to the Director, no later than 30 days prior to promulgating as a final rule any proposed rule that the agency has published or issued as of the date of this Order and that has not been considered under the terms of this Order:

(1) Within 15 days of its report, in the case of any report under subsections (b) or (d); or

(2) Within 30 days of its report, in the case of any report under subsection (f).

(c) This program is intended to complement the existing regulatory planning and review procedures of agencies and the Executive branch, including the procedures established by Executive Order No. 12291.

(d) To assure consistency with the goals of the Administration, the head of each agency subject to this Order shall adhere to the regulatory principles stated in Section 2 of Executive Order No. 12291, including those elaborated by the regulatory policy guidelines set forth in the August 11, 1983, Report of the Presidential Task Force on Regulatory Relief, "Reagan Administration Regulatory Achievements."

Sec. 2. *Agency Submission of Draft Regulatory Program.* (a) The head of each agency shall submit to the Director an overview of the agency's regulatory policies, goals, and objectives for the program year and such information concerning all significant regulatory actions of the agency, planned or underway, including actions taken to consider whether to initiate rulemaking; requests for public comment; and the development of documents that may influence, anticipate, or could lead to the commencement of rulemaking proceedings at a later date, as the Director deems necessary to develop the Administration's Regulatory Program. This submission shall constitute the agency's draft regulatory program. The draft regulatory program shall be submitted to the Director each year, on a date to be specified by the Director, and shall cover the period from April 1 through March 31 of the following year.

(b) The overview portion of the agency's submission should discuss the agency's broad regulatory purposes, explain how they are consistent with the Administration's regulatory principles, and include a discussion of the significant regulatory actions, as defined by the Director, that it will take. The overview should specifically discuss the significant regulatory actions of the agency to revise or rescind existing rules.

(c) Each agency head shall categorize and describe the regulatory actions described in subsection (a) in such format as the Director shall specify and provide such additional information as the Director may request; however, the Director shall, by Bulletin or Circular, exempt from the requirements of this Order any class or category of regulatory action that the Director determines is not necessary to review in order to achieve the effective implementation of the program.

**SEC. 3. Review, Compilation, and Publication of the Administration's Regulatory Program.** (a) In reviewing each agency's draft regulatory program, the Director shall (i) consider the consistency of the draft regulatory program with the Administration's policies and priorities and the draft regulatory programs submitted by other agencies; and (ii) identify such further regulatory or deregulatory actions as may, in his view, be necessary in order to achieve such consistency. In the event of disagreement over the content of the agency's draft regulatory program, the agency head or the Director may raise issues for further review by the President or by such appropriate Cabinet Council or other forum as the President may designate.

(b) Following the conclusion of the review process established by subsection (a), each agency head shall submit to the Director, by a date to be specified by the Director, the agency's final regulatory plan for compilation and publication as the Administration's Regulatory Program for that year. The Director shall circulate a draft of the Administration's Regulatory Program for agency comment, review, and interagency consideration, if necessary, before publication.

(c) After development of the Administration's Regulatory Program for the year, if the agency head proposes to take a regulatory action subject to the provisions of Section 2 and not previously submitted for review under this process, or if the agency head proposes to take a regulatory action that is materially different from the action described in the agency's final Regulatory Program, the agency head shall immediately advise the Director and submit the action to the Director for review in such format as the Director may specify. Except in the case of emergency situations, as defined by the Director, or statutory or judicial deadlines, the agency head shall refrain from taking the proposed regulatory action until the review of this submission by the Director is completed. As to those regulatory actions not also subject to Executive Order No. 12291 (set out above), the Director shall be deemed to have concluded that the proposal is consistent with the purposes of this Order, unless he notifies the agency head to the contrary within 10 days of its submission. As to those regulatory actions subject to Executive Order No. 12291, the Director's review shall be governed by the provisions of Section 3(e) of that Order.

(d) Absent unusual circumstances, such as new statutory or judicial requirements or unanticipated emergency situations, the Director may, to the extent permitted by law, return for reconsideration any rule submitted for review under Executive Order No. 12291 that would be subject to Section 2 but was not included in the agency's final Regulatory Program for that year; or any other significant regulatory action that is materially different from those described in the Administration's Regulatory Program for that year.

**SEC. 4. Office of Management and Budget.** The Director of the Office of Management and Budget is authorized, to the extent permitted by law, to take such actions as may be necessary to carry out the provisions of this Order.

**SEC. 5. Judicial Review.** This Order is intended only to improve the internal management of the Federal government, and is not intended to create any right or benefit, substantive or procedural, enforceable at law by a party against the United States, its agencies, its officers or any person.

**EX. ORD. No. 12606. FAMILY CONSIDERATIONS IN POLICY FORMULATION AND IMPLEMENTATION**

Ex. Ord. No. 12606, Sept. 2, 1987, 52 F.R. 34188, provided:

By the authority vested in me as President by the Constitution and laws of the United States of America, and in order to ensure that the autonomy and rights of the family are considered in the formulation and implementation of policies by Executive departments and agencies, it is hereby ordered as follows:

**SECTION 1. Family Policymaking Criteria.** In formulating and implementing policies and regulations that may have significant impact on family formation, maintenance, and general well-being, Executive departments and agencies shall, to the extent permitted by law, assess such measures in light of the following questions:

(a) Does this action by government strengthen or erode the stability of the family and, particularly, the marital commitment?

(b) Does this action strengthen or erode the authority and rights of parents in the education, nurture, and supervision of their children?

(c) Does this action help the family perform its functions, or does it substitute governmental activity for the function?

(d) Does this action by government increase or decrease family earnings? Do the proposed benefits of this action justify the impact on the family budget?

(e) Can this activity be carried out by a lower level of government or by the family itself?

(f) What message, intended or otherwise, does this program send to the public concerning the status of the family?

(g) What message does it send to young people concerning the relationship between their behavior, their personal responsibility, and the norms of our society?

**SEC. 2. Governmentwide Family Policy Coordination and Review.**

(a) Executive departments and agencies shall identify proposed regulatory and statutory provisions that may have significant potential negative impact on the family well-being and provide adequate rationale on why such proposal should be submitted. The head of the department or agency, shall certify in writing that, to the extent permitted by law, such measure has been assessed in light of the criteria in Section 1 of this Order and how such measures will enhance family well-being. Such certification shall be transmitted to the Office of Management and Budget. Departments and agencies shall give careful consideration to family-related concerns and their impact in notices of proposed rulemaking and messages transmitting legislative proposals to the Congress.

(b) The Office of Management and Budget shall, to the extent permitted by law, take action to ensure that the policies of the Executive departments and agencies are applied in light of the criteria set forth in Section 1 of this Order.

(c) The Office of Policy Development shall assess existing and proposed policies and regulations that impact family well-being in light of the criteria established by Section 1 of this Order, provide evaluations on those measures that have significant potential impact on the family to the Office of Management and Budget, and advise the President on policy and regulatory actions that may be taken to strengthen the institutions of marriage and family in America.

**SEC. 3. Report.** The Office of Policy Development shall submit preliminary reports including specific recommendations to the Domestic Policy Council and shall submit a final report to the President no later than 180 days from the date of this Order. Each year thereafter, a report, including recommendations shall be submitted, through the Domestic Policy Council to the President.

**SEC. 4. Judicial Review.** This Order is intended to improve the internal management of the Executive

branch and is not intended to create any right or benefit, substantive or procedural, enforceable at law by a party against the United States, its agencies, its officers, or any person.

RONALD REAGAN.

**EX. ORD. NO. 12612. FEDERALISM CONSIDERATIONS IN POLICY FORMULATION AND IMPLEMENTATION**

Ex. Ord. No. 12612, Oct. 26, 1987, 52 F.R. 41685, provided:

By the authority vested in me as President by the Constitution and laws of the United States of America, and in order to restore the division of governmental responsibilities between the national government and the States that was intended by the Framers of the Constitution and to ensure that the principles of federalism established by the Framers guide the Executive departments and agencies in the formulation and implementation of policies, it is hereby ordered as follows:

**SECTION 1. Definitions.** For purposes of this Order:

(a) "Policies that have federalism implications" refers to regulations, legislative comments or proposed legislation, and other policy statements or actions that have substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government.

(b) "State" or "States" refer to the States of the United States of America, individually or collectively, and, where relevant, to State governments, including units of local government and other political subdivisions established by the States.

**SEC. 2. Fundamental Federalism Principles.** In formulating and implementing policies that have federalism implications, Executive departments and agencies shall be guided by the following fundamental federalism principles:

(a) Federalism is rooted in the knowledge that our political liberties are best assured by limiting the size and scope of the national government.

(b) The people of the States created the national government when they delegated to it those enumerated governmental powers relating to matters beyond the competence of the individual States. All other sovereign powers, save those expressly prohibited the States by the Constitution, are reserved to the States or to the people.

(c) The constitutional relationship among sovereign governments, State and national, is formalized in and protected by the Tenth Amendment to the Constitution.

(d) The people of the States are free, subject only to restrictions in the Constitution itself or in constitutionally authorized Acts of Congress, to define the moral, political, and legal character of their lives.

(e) In most areas of governmental concern, the States uniquely possess the constitutional authority, the resources, and the competence to discern the sentiments of the people and to govern accordingly. In Thomas Jefferson's words, the States are "the most competent administrations for our domestic concerns and the surest bulwarks against antirepublican tendencies."

(f) The nature of our constitutional system encourages a healthy diversity in the public policies adopted by the people of the several States according to their own conditions, needs, and desires. In the search for enlightened public policy, individual States and communities are free to experiment with a variety of approaches to public issues.

(g) Acts of the national government—whether legislative, executive, or judicial in nature—that exceed the enumerated powers of that government under the Constitution violate the principle of federalism established by the Framers.

(h) Policies of the national government should recognize the responsibility of—and should encourage opportunities for—individuals, families, neighborhoods,

local governments, and private associations to achieve their personal, social, and economic objectives through cooperative effort.

(i) In the absence of clear constitutional or statutory authority, the presumption of sovereignty should rest with the individual States. Uncertainties regarding the legitimate authority of the national government should be resolved against regulation at the national level.

**SEC. 3. Federalism Policymaking Criteria.** In addition to the fundamental federalism principles set forth in section 2, Executive departments and agencies shall adhere, to the extent permitted by law, to the following criteria when formulating and implementing policies that have federalism implications:

(a) There should be strict adherence to constitutional principles. Executive departments and agencies should closely examine the constitutional and statutory authority supporting any Federal action that would limit the policymaking discretion of the States, and should carefully assess the necessity for such action. To the extent practicable, the States should be consulted before any such action is implemented. Executive Order No. 12372 ("Intergovernmental Review of Federal Programs") [31 U.S.C. 6506 note] remains in effect for the programs and activities to which it is applicable.

(b) Federal action limiting the policymaking discretion of the States should be taken only where constitutional authority for the action is clear and certain and the national activity is necessitated by the presence of a problem of national scope. For the purposes of this Order:

(1) It is important to recognize the distinction between problems of national scope (which may justify Federal action) and problems that are merely common to the States (which will not justify Federal action because individual States, acting individually or together, can effectively deal with them).

(2) Constitutional authority for Federal action is clear and certain only when authority for the action may be found in a specific provision of the Constitution, there is no provision in the Constitution prohibiting Federal action, and the action does not encroach upon authority reserved to the States.

(c) With respect to national policies administered by the States, the national government should grant the States the maximum administrative discretion possible. Intrusive, Federal oversight of State administration is neither necessary nor desirable.

(d) When undertaking to formulate and implement policies that have federalism implications, Executive departments and agencies shall:

(1) Encourage States to develop their own policies to achieve program objectives and to work with appropriate officials in other States.

(2) Refrain, to the maximum extent possible, from establishing uniform, national standards for programs and, when possible, defer to the States to establish standards.

(3) When national standards are required, consult with appropriate officials and organizations representing the States in developing those standards.

**SEC. 4. Special Requirements for Preemption.** (a) To the extent permitted by law, Executive departments and agencies shall construe, in regulations and otherwise, a Federal statute to preempt State law only when the statute contains an express preemption provision or there is some other firm and palpable evidence compelling the conclusion that the Congress intended preemption of State law, or when the exercise of State authority directly conflicts with the exercise of Federal authority under the Federal statute.

(b) Where a Federal statute does not preempt State law (as addressed in subsection (a) of this section), Executive departments and agencies shall construe any authorization in the statute for the issuance of regulations as authorizing preemption of State law by rule-making only when the statute expressly authorizes is-

suance of preemptive regulations or there is some other firm and palpable evidence compelling the conclusion that the Congress intended to delegate to the department or agency the authority to issue regulations preempting State law.

(c) Any regulatory preemption of State law shall be restricted to the minimum level necessary to achieve the objectives of the statute pursuant to which the regulations are promulgated.

(d) As soon as an Executive department or agency foresees the possibility of a conflict between State law and Federally protected interests within its area of regulatory responsibility, the department or agency shall consult, to the extent practicable, with appropriate officials and organizations representing the States in an effort to avoid such a conflict.

(e) When an Executive department or agency proposes to act through adjudication or rule-making to preempt State law, the department or agency shall provide all affected States notice and an opportunity for appropriate participation in the proceedings.

**SEC. 5. Special Requirements for Legislative Proposals.** Executive departments and agencies shall not submit to the Congress legislation that would:

(a) Directly regulate the States in ways that would interfere with functions essential to the States' separate and independent existence or operate to directly displace the States' freedom to structure integral operations in areas of traditional governmental functions;

(b) Attach to Federal grants conditions that are not directly related to the purpose of the grant; or

(c) Preempt State law, unless preemption is consistent with the fundamental federalism principles set forth in section 2, and unless a clearly legitimate national purpose, consistent with the federalism policy-making criteria set forth in section 3, cannot otherwise be met.

**SEC. 6. Agency Implementation.** (a) The head of each Executive department and agency shall designate an official to be responsible for ensuring the implementation of this Order.

(b) In addition to whatever other actions the designated official may take to ensure implementation of this Order, the designated official shall determine which proposed policies have sufficient federalism implications to warrant the preparation of a Federalism Assessment. With respect to each such policy for which an affirmative determination is made, a Federalism Assessment, as described in subsection (c) of this section, shall be prepared. The department or agency head shall consider any such Assessment in all decisions involved in promulgating and implementing the policy.

(c) Each Federalism Assessment shall accompany any submission concerning the policy that is made to the Office of Management and Budget pursuant to Executive Order No. 12291 [set out above] or OMB Circular No. A-19, and shall:

(1) Contain the designated official's certification that the policy has been assessed in light of the principles, criteria, and requirements stated in sections 2 through 5 of this Order;

(2) Identify any provision or element of the policy that is inconsistent with the principles, criteria, and requirements stated in sections 2 through 5 of this Order;

(3) Identify the extent to which the policy imposes additional costs or burdens on the States, including the likely source of funding for the States and the ability of the States to fulfill the purposes of the policy; and

(4) Identify the extent to which the policy would affect the States' ability to discharge traditional State governmental functions, or other aspects of State sovereignty.

**SEC. 7. Government-wide Federalism Coordination and Review.** (a) In implementing Executive Order Nos. 12291 [set out above] and 12498 [set out above] and OMB Circular No. A-19, the Office of Manage-

ment and Budget, to the extent permitted by law and consistent with the provisions of those authorities, shall take action to ensure that the policies of the Executive departments and agencies are consistent with the principles, criteria, and requirements stated in sections 2 through 5 of this Order.

(b) In submissions to the Office of Management and Budget pursuant to Executive Order No. 12291 [set out above] and OMB Circular No. A-19, Executive departments and agencies shall identify proposed regulatory and statutory provisions that have significant federalism implications and shall address any substantial federalism concerns. Where the departments or agencies deem it appropriate, substantial federalism concerns should also be addressed in notices of proposed rule-making and messages transmitting legislative proposals to the Congress.

**SEC. 8. Judicial Review.** This Order is intended only to improve the internal management of the Executive branch, and is not intended to create any right or benefit, substantive or procedural, enforceable at law by a party against the United States, its agencies, its officers, or any person.

RONALD REAGAN.

**EX. ORD. NO. 12630. GOVERNMENTAL ACTIONS AND INTERFERENCE WITH CONSTITUTIONALLY PROTECTED PROPERTY RIGHTS**

Ex. Ord. No. 12630, Mar. 15, 1988, 53 F.R. 8859, provided:

By the authority vested in me as President by the Constitution and laws of the United States of America, and in order to ensure that government actions are undertaken on a well-reasoned basis with due regard for fiscal accountability, for the financial impact of the obligations imposed on the Federal government by the Just Compensation Clause of the Fifth Amendment, and for the Constitution, it is hereby ordered as follows:

**SECTION 1. Purpose.** (a) The Fifth Amendment of the United States Constitution provides that private property shall not be taken for public use without just compensation. Government historically has used the formal exercise of the power of eminent domain, which provides orderly processes for paying just compensation, to acquire private property for public use. Recent Supreme Court decisions, however, in reaffirming the fundamental protection of private property rights provided by the Fifth Amendment and in assessing the nature of governmental actions that have an impact on constitutionally protected property rights, have also reaffirmed that governmental actions that do not formally invoke the condemnation power, including regulations, may result in a taking for which just compensation is required.

(b) Responsible fiscal management and fundamental principles of good government require that government decision-makers evaluate carefully the effect of their administrative, regulatory, and legislative actions on constitutionally protected property rights. Executive departments and agencies should review their actions carefully to prevent unnecessary takings and should account in decision-making for those takings that are necessitated by statutory mandate.

(c) The purpose of this Order is to assist Federal departments and agencies in undertaking such reviews and in proposing, planning, and implementing actions with due regard for the constitutional protections provided by the Fifth Amendment and to reduce the risk of undue or inadvertent burdens on the public fisc resulting from lawful governmental action. In furtherance of the purpose of this Order, the Attorney General shall, consistent with the principles stated herein and in consultation with the Executive departments and agencies, promulgate Guidelines for the Evaluation of Risk and Avoidance of Unanticipated Takings to which each Executive department or agency shall refer in making the evaluations required by this Order

or in otherwise taking any action that is the subject of this Order. The Guidelines shall be promulgated no later than May 1, 1988, and shall be disseminated to all units of each Executive department and agency no later than July 1, 1988. The Attorney General shall, as necessary, update these guidelines to reflect fundamental changes in takings law occurring as a result of Supreme Court decisions.

**Sec. 2. Definitions.** For the purpose of this Order: (a) "Policies that have takings implications" refers to Federal regulations, proposed Federal regulations, proposed Federal legislation, comments on proposed Federal legislation, or other Federal policy statements that, if implemented or enacted, could effect a taking, such as rules and regulations that propose or implement licensing, permitting, or other condition requirements or limitations on private property use, or that require dedications or exactions from owners of private property. "Policies that have takings implications" does not include:

(1) Actions abolishing regulations, discontinuing governmental programs, or modifying regulations in a manner that lessens interference with the use of private property;

(2) Actions taken with respect to properties held in trust by the United States or in preparation for or during treaty negotiations with foreign nations;

(3) Law enforcement actions involving seizure, for violations of law, of property for forfeiture or as evidence in criminal proceedings;

(4) Studies or similar efforts or planning activities;

(5) Communications between Federal agencies or departments and State or local land-use planning agencies regarding planned or proposed State or local actions regulating private property regardless of whether such communications are initiated by a Federal agency or department or are undertaken in response to an invitation by the State or local authority;

(6) The placement of military facilities or military activities involving the use of Federal property alone; or

(7) Any military or foreign affairs functions (including procurement functions thereunder) but not including the U.S. Army Corps of Engineers civil works program.

(b) Private property refers to all property protected by the Just Compensation Clause of the Fifth Amendment.

(c) "Actions" refers to proposed Federal regulations, proposed Federal legislation, comments on proposed Federal legislation, applications of Federal regulations to specific property, or Federal governmental actions physically invading or occupying private property, or other policy statements or actions related to Federal regulation or direct physical invasion or occupancy, but does not include:

(1) Actions in which the power of eminent domain is formally exercised;

(2) Actions taken with respect to properties held in trust by the United States or in preparation for or during treaty negotiations with foreign nations;

(3) Law enforcement actions involving seizure, for violations of law, of property for forfeiture or as evidence in criminal proceedings;

(4) Studies or similar efforts or planning activities;

(5) Communications between Federal agencies or departments and State or local land-use planning agencies regarding planned or proposed State or local actions regulating private property regardless of whether such communications are initiated by a Federal agency or department or are undertaken in response to an invitation by the State or local authority;

(6) The placement of military facilities or military activities involving the use of Federal property alone; or

(7) Any military or foreign affairs functions (including procurement functions thereunder), but not including the U.S. Army Corps of Engineers civil works program.

**SEC. 3. General Principles.** In formulating or implementing policies that have takings implications, each

Executive department and agency shall be guided by the following general principles:

(a) Governmental officials should be sensitive to, anticipate, and account for, the obligations imposed by the Just Compensation Clause of the Fifth Amendment in planning and carrying out governmental actions so that they do not result in the imposition of unanticipated or undue additional burdens on the public fisc.

(b) Actions undertaken by governmental officials that result in a physical invasion or occupancy of private property, and regulations imposed on private property that substantially affect its value or use, may constitute a taking of property. Further, governmental action may amount to a taking even though the action results in less than a complete deprivation of all use or value, or of all separate and distinct interests in the same private property and even if the action constituting a taking is temporary in nature.

(c) Government officials whose actions are taken specifically for purposes of protecting public health and safety are ordinarily given broader latitude by courts before their actions are considered to be takings. However, the mere assertion of a public health and safety purpose is insufficient to avoid a taking. Actions to which this Order applies asserted to be for the protection of public health and safety, therefore, should be undertaken only in response to real and substantial threats to public health and safety, be designed to advance significantly the health and safety purpose, and be no greater than is necessary to achieve the health and safety purpose.

(d) While normal governmental processes do not ordinarily effect takings, undue delays in decision-making during which private property use is interfered with carry a risk of being held to be takings. Additionally, a delay in processing may increase significantly the size of compensation due if a taking is later found to have occurred.

(e) The Just Compensation Clause is self-actuating, requiring that compensation be paid whenever governmental action results in a taking of private property regardless of whether the underlying authority for the action contemplated a taking or authorized the payment of compensation. Accordingly, governmental actions that may have a significant impact on the use or value of private property should be scrutinized to avoid undue or unplanned burdens on the public fisc.

**SEC. 4. Department and Agency Action.** In addition to the fundamental principles set forth in Section 3, Executive departments and agencies shall adhere, to the extent permitted by law, to the following criteria when implementing policies that have takings implications:

(a) When an Executive department or agency requires a private party to obtain a permit in order to undertake a specific use of, or action with respect to, private property, any conditions imposed on the granting of a permit shall:

(1) Serve the same purpose that would have been served by a prohibition of the use or action; and

(2) Substantially advance that purpose.

(b) When a proposed action would place a restriction on a use of private property, the restriction imposed on the use shall not be disproportionate to the extent to which the use contributes to the overall problem that the restriction is imposed to redress.

(c) When a proposed action involves a permitting process or any other decision-making process that will interfere with, or otherwise prohibit, the use of private property pending the completion of the process, the duration of the process shall be kept to the minimum necessary.

(d) Before undertaking any proposed action regulating private property use for the protection of public health or safety, the Executive department or agency involved shall, in internal deliberative documents and any submissions to the Director of the Office of Management and Budget that are required:

(1) Identify clearly, with as much specificity as possible, the public health or safety risk created by the private property use that is the subject of the proposed action;

(2) Establish that such proposed action substantially advances the purpose of protecting public health and safety against the specifically identified risk;

(3) Establish to the extent possible that the restrictions imposed on the private property are not disproportionate to the extent to which the use contributes to the overall risk; and

(4) Estimate, to the extent possible, the potential cost to the government in the event that a court later determines that the action constituted a taking.

In instances in which there is an immediate threat to health and safety that constitutes an emergency requiring immediate response, this analysis may be done upon completion of the emergency action.

**SEC. 5. Executive Department and Agency Implementation.** (a) The head of each Executive department and agency shall designate an official to be responsible for ensuring compliance with this Order with respect to the actions of the department or agency.

(b) Executive departments and agencies shall, to the extent permitted by law, identify the takings implications of proposed regulatory actions and address the merits of those actions in light of the identified takings implications, if any, in all required submissions made to the Office of Management and Budget. Significant takings implications should also be identified and discussed in notices of proposed rule-making and messages transmitting legislative proposals to the Congress stating the departments' and agencies' conclusions on the takings issues.

(c) Executive departments and agencies shall identify each existing Federal rule and regulation against which a takings award has been made or against which a takings claim is pending including the amount of each claim or award. A "takings" award has been made or a "takings" claim pending if the award was made, or the pending claim brought, pursuant to the Just Compensation Clause of the Fifth Amendment. An itemized compilation of all such awards made in Fiscal Years 1985, 1986, and 1987 and all such pending claims shall be submitted to the Director, Office of Management and Budget, on or before May 16, 1988.

(d) Each Executive department and agency shall submit annually to the Director, Office of Management and Budget, and to the Attorney General an itemized compilation of all awards of just compensation entered against the United States for takings, including awards of interest as well as monies paid pursuant to the provisions of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, 42 U.S.C. 4601.

(e)(1) The Director, Office of Management and Budget, and the Attorney General shall each, to the extent permitted by law, take action to ensure that the policies of the Executive departments and agencies are consistent with the principles, criteria, and requirements stated in Sections 1 through 5 of this Order, and the Office of Management and Budget shall take action to ensure that all takings awards levied against agencies are properly accounted for in agency budget submissions.

(2) In addition to the guidelines required by Section 1 of this Order, the Attorney General shall, in consultation with each Executive department and agency to which this Order applies, promulgate such supplemental guidelines as may be appropriate to the specific obligations of that department or agency.

**SEC. 6. Judicial Review.** This Order is intended only to improve the internal management of the Executive branch and is not intended to create any right or benefit, substantive or procedural, enforceable at law by a party against the United States, its agencies, its officers, or any person.

RONALD REAGAN.

## § 602. Regulatory agenda

(a) During the months of October and April of each year, each agency shall publish in the Federal Register a regulatory flexibility agenda which shall contain—

(1) a brief description of the subject area of any rule which the agency expects to propose or promulgate which is likely to have a significant economic impact on a substantial number of small entities;

(2) a summary of the nature of any such rule under consideration for each subject area listed in the agenda pursuant to paragraph (1), the objectives and legal basis for the issuance of the rule, and an approximate schedule for completing action on any rule for which the agency has issued a general notice of proposed rulemaking,<sup>1</sup> and

(3) the name and telephone number of an agency official knowledgeable concerning the items listed in paragraph (1).

(b) Each regulatory flexibility agenda shall be transmitted to the Chief Counsel for Advocacy of the Small Business Administration for comment, if any.

(c) Each agency shall endeavor to provide notice of each regulatory flexibility agenda to small entities or their representatives through direct notification or publication of the agenda in publications likely to be obtained by such small entities and shall invite comments upon each subject area on the agenda.

(d) Nothing in this section precludes an agency from considering or acting on any matter not included in a regulatory flexibility agenda, or requires an agency to consider or act on any matter listed in such agenda.

(Added Pub. L. 96-354, § 3(a), Sept. 19, 1980, 94 Stat. 1166.)

## SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 605 of this title.

## § 603. Initial regulatory flexibility analysis

(a) Whenever an agency is required by section 553 of this title, or any other law, to publish general notice of proposed rulemaking for any proposed rule, the agency shall prepare and make available for public comment an initial regulatory flexibility analysis. Such analysis shall describe the impact of the proposed rule on small entities. The initial regulatory flexibility analysis or a summary shall be published in the Federal Register at the time of the publication of general notice of proposed rulemaking for the rule. The agency shall transmit a copy of the initial regulatory flexibility analysis to the Chief Counsel for Advocacy of the Small Business Administration.

(b) Each initial regulatory flexibility analysis required under this section shall contain—

(1) a description of the reasons why action by the agency is being considered;

(2) a succinct statement of the objectives of, and legal basis for, the proposed rule;

<sup>1</sup> So in original. The comma probably should be a semicolon.

(3) a description of and, where feasible, an estimate of the number of small entities to which the proposed rule will apply;

(4) a description of the projected reporting, recordkeeping and other compliance requirements of the proposed rule, including an estimate of the classes of small entities which will be subject to the requirement and the type of professional skills necessary for preparation of the report or record;

(5) an identification, to the extent practicable, of all relevant Federal rules which may duplicate, overlap or conflict with the proposed rule.

(c) Each initial regulatory flexibility analysis shall also contain a description of any significant alternatives to the proposed rule which accomplish the stated objectives of applicable statutes and which minimize any significant economic impact of the proposed rule on small entities. Consistent with the stated objectives of applicable statutes, the analysis shall discuss significant alternatives such as—

(1) the establishment of differing compliance or reporting requirements or timetables that take into account the resources available to small entities;

(2) the clarification, consolidation, or simplification of compliance and reporting requirements under the rule for such small entities;

(3) the use of performance rather than design standards; and

(4) an exemption from coverage of the rule, or any part thereof, for such small entities.

(a) When an agency promulgates a final rule under section 553 of this title, after being required by that section or any other law to publish a general notice of proposed rulemaking, the agency shall prepare a final regulatory flexibility analysis. Each final regulatory flexibility analysis shall contain—

(1) a succinct statement of the need for, and the objectives of, the rule;

(2) a summary of the issues raised by the public comments in response to the initial regulatory flexibility analysis, a summary of the assessment of the agency of such issues, and a statement of any changes made in the proposed rule as a result of such comments; and

(3) a description of each of the significant alternatives to the rule consistent with the stated objectives of applicable statutes and designed to minimize any significant economic impact of the rule on small entities which was considered by the agency, and a statement of the reasons why each one of such alternatives was rejected.

(b) The agency shall make copies of the final regulatory flexibility analysis available to members of the public and shall publish in the Fed-

eral Register at the time of publication of the final rule under section 553 of this title a statement describing how the public may obtain such copies.

(Added Pub. L. 96-354, § 3(a), Sept. 19, 1980, 94 Stat. 1167.)

#### SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 605, 606, 607, 608, 611 of this title; title 42 section 1302.

#### § 605. Avoidance of duplicative or unnecessary analyses

(a) Any Federal agency may perform the analyses required by sections 602, 603, and 604 of this title in conjunction with or as a part of any other agenda or analysis required by any other law if such other analysis satisfies the provisions of such sections.

(b) Sections 603 and 604 of this title shall not apply to any proposed or final rule if the head of the agency certifies that the rule will not, if promulgated, have a significant economic impact on a substantial number of small entities. If the head of the agency makes a certification under the preceding sentence, the agency shall publish such certification in the Federal Register, at the time of publication of general notice of proposed rulemaking for the rule or at the time of publication of the final rule, along with a succinct statement explaining the reasons for such certification, and provide such certification and statement to the Chief Counsel for Advocacy of the Small Business Administration.

(c) In order to avoid duplicative action, an agency may consider a series of closely related rules as one rule for the purposes of sections 602, 603, 604 and 610 of this title.

(Added Pub. L. 96-354, § 3(a), Sept. 19, 1980, 94 Stat. 1167.)

#### SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 608 of this title.

#### § 606. Effect on other law

The requirements of sections 603 and 604 of this title do not alter in any manner standards otherwise applicable by law to agency action.

(Added Pub. L. 96-354, § 3(a), Sept. 19, 1980, 94 Stat. 1168.)

#### § 607. Preparation of analyses

In complying with the provisions of sections 603 and 604 of this title, an agency may provide either a quantifiable or numerical description of the effects of a proposed rule or alternatives to the proposed rule, or more general descriptive statements if quantification is not practicable or reliable.

(Added Pub. L. 96-354, § 3(a), Sept. 19, 1980, 94 Stat. 1168.)

#### § 608. Procedure for waiver or delay of completion

(a) An agency head may waive or delay the completion of some or all of the requirements of section 603 of this title by publishing in the

Federal Register, not later than the date of publication of the final rule, a written finding, with reasons therefor, that the final rule is being promulgated in response to an emergency that makes compliance or timely compliance with the provisions of section 603 of this title impracticable.

(b) Except as provided in section 605(b), an agency head may not waive the requirements of section 604 of this title. An agency head may delay the completion of the requirements of section 604 of this title for a period of not more than one hundred and eighty days after the date of publication in the Federal Register of a final rule by publishing in the Federal Register, not later than such date of publication, a written finding, with reasons therefor, that the final rule is being promulgated in response to an emergency that makes timely compliance with the provisions of section 604 of this title impracticable. If the agency has not prepared a final regulatory analysis pursuant to section 604 of this title within one hundred and eighty days from the date of publication of the final rule, such rule shall lapse and have no effect. Such rule shall not be repromulgated until a final regulatory flexibility analysis has been completed by the agency.

(Added Pub. L. 96-354, § 3(a), Sept. 19, 1980, 94 Stat. 1168.)

#### § 609. Procedures for gathering comments

When any rule is promulgated which will have a significant economic impact on a substantial number of small entities, the head of the agency promulgating the rule or the official of the agency with statutory responsibility for the promulgation of the rule shall assure that small entities have been given an opportunity to participate in the rulemaking for the rule through techniques such as—

(1) the inclusion in an advanced notice of proposed rulemaking, if issued, of a statement that the proposed rule may have a significant economic effect on a substantial number of small entities;

(2) the publication of general notice of proposed rulemaking in publications likely to be obtained by small entities;

(3) the direct notification of interested small entities;

(4) the conduct of open conferences or public hearings concerning the rule for small entities; and

(5) the adoption or modification of agency procedural rules to reduce the cost or complexity of participation in the rulemaking by small entities.

(Added Pub. L. 96-354, § 3(a), Sept. 19, 1980, 94 Stat. 1168.)

#### § 610. Periodic review of rules

(a) Within one hundred and eighty days after the effective date of this chapter, each agency shall publish in the Federal Register a plan for the periodic review of the rules issued by the agency which have or will have a significant economic impact upon a substantial number of small entities. Such plan may be amended by

the agency at any time by publishing the revision in the Federal Register. The purpose of the review shall be to determine whether such rules should be continued without change, or should be amended or rescinded, consistent with the stated objectives of applicable statutes, to minimize any significant economic impact of the rules upon a substantial number of such small entities. The plan shall provide for the review of all such agency rules existing on the effective date of this chapter within ten years of that date and for the review of such rules adopted after the effective date of this chapter within ten years of the publication of such rules as the final rule. If the head of the agency determines that completion of the review of existing rules is not feasible by the established date, he shall so certify in a statement published in the Federal Register and may extend the completion date by one year at a time for a total of not more than five years.

(b) In reviewing rules to minimize any significant economic impact of the rule on a substantial number of small entities in a manner consistent with the stated objectives of applicable statutes, the agency shall consider the following factors—

(1) the continued need for the rule;

(2) the nature of complaints or comments received concerning the rule from the public;

(3) the complexity of the rule;

(4) the extent to which the rule overlaps, duplicates or conflicts with other Federal rules, and, to the extent feasible, with State and local governmental rules; and

(5) the length of time since the rule has been evaluated or the degree to which technology, economic conditions, or other factors have changed in the area affected by the rule.

(c) Each year, each agency shall publish in the Federal Register a list of the rules which have a significant economic impact on a substantial number of small entities, which are to be reviewed pursuant to this section during the succeeding twelve months. The list shall include a brief description of each rule and the need for and legal basis of such rule and shall invite public comment upon the rule.

(Added Pub. L. 96-354, § 3(a), Sept. 19, 1980, 94 Stat. 1169.)

(b) Any regulatory flexibility analysis prepared under sections 603 and 604 of this title and the compliance or noncompliance of the agency with the provisions of this chapter shall
